PLEASE READ THIS CONTACT LENS FINANCIAL AND POLICY AGREEMENT CAREFULLY.
Contact lenses are medical devices that rest on the surface of the front of the eyes. Because the shape and prescription of the eye can change, we require additional annual testing and evaluation of the contact lenses on your eyes to check the fit and vision before releasing a prescription. This contact lens evaluation and fitting process is a professional service separate from your annual eye examination. Fitting exams and evaluation fees are based on the complexity of your prescription and lifestyle needs, affecting the contact lens fitting levels the doctor determines. Contact lens prescriptions are valid for one year from the date of the finalized prescription. **The contact lens evaluation/fitting fees are below**:

Soft Contact Lenses	**up to $315.00**, including 2 follow-up visits within 30 days from the initial visit.
Rigid Gas Permeable lenses, Scleral lenses & Custom contacts	**$1,000 to $2000.00**; includes 5 follow-up visits within 30 days from the initial visit.
Contact lens insertion & removal training for first-time wearers or established re-training	**$30.00**

You must return to the office for contact lens follow-ups. Be sure to wear the contact lenses that you received from this office when you return for your follow-up visit.

Additional contact lens follow-up exams are **$45** per visit. Office visits outside the prescribed timelines (**Over 90 days**) will be subject to additional exam fees. All professional fees must be paid promptly on the date of service.

Lenses purchased cannot be returned or exchanged after **30 days**. Contact lens boxes must be unopened and unmarked for return to the manufacturer. **Custom orders cannot be returned and will not be refunded.**

Advanced Family Eye Care Optometry is not responsible for the accuracy or quality of lenses purchased outside the office. Patients who purchased outside the office are not eligible for courtesy contact lens replacements.
